

Off-Campus Anonymous Housing Survey

This survey is intended to gather data about the financial and living situations of Reed College students who are living off campus. Hopefully, this information will be practically useful for students to judge their options when looking at off-campus housing, and scientifically useful for exploring what factors are valued to what degree by students when investigating such housing.

All data will be recorded anonymously. The results will be published to the Reed College Housing facebook group.

* Required

How long, typically, does it take you to travel from your housing to campus (in minutes)? *

Your answer

What method do you typically use to travel to and from campus? *

Choose

How far from campus do you live (in miles)? *

Your answer

How many other students do you live with? *

Your answer

Do you live with any non-students? *

Choose

How much is your rent each month, per person (including utilities)? *

Your answer

Do you have a meal plan with Reed Commons? If so, which? *

Choose ▼

How many semesters do you plan to stay at your current housing, including past semesters?

Your answer

Do you stay at your current housing outside of the academic year? *

Choose ▼
